

Preliminary Scientific Program

Day one 7-November 2025

Hall 1

How to Do Research

Time	Topic	Speakers
09:00 - 09:15	Introduction	<i>Prof. Mohamed Al-Shabrawey</i>
09:15 - 10:00	From Curiosity to Clarity: Crafting Research Questions and Testable Hypotheses	<i>Prof. Mohamed Al-Shabrawey</i>
10:00 - 11:00	Choosing Research Methods	<i>Dr. Amani Tawfik</i>
11:00 - 11:15	Coffee break	
11:15 - 12:15	Understanding Statistical Analysis in Clinical and Biomedical Research	<i>Prof. Amal Hussein</i>
12:15 - 13:15	Mastering the Art of Crafting a Publishable Manuscript	<i>Prof. Basema Saddik</i>
13:00 - 13:45	Coffee break and Prayer time	
13:45 - 14:45	Interactive discussions and applications) that cover: (Examples of strong vs weak Research Hypotheses Examples of Good vs Bad Research	<i>Prof. Mohamed Eladl</i>
14:45 - 15:45	Launch Break	
15:45 - 16:45	(Examples of strong vs weak Research Hypotheses - Approach and Methodology - Hand on Statistical analysis - Example of Acceptable Manuscript	<i>Prof. Mohamed Saleh</i>
16:45	Closing Remark	

Preliminary Scientific Program

Hall 2

Breast Oncoplastic

Time	Topic	Speakers
09:00 – 09:10	Introduction and Orientation	<i>Dr. Tamer Yacoub</i>
09:10 –09:30	Anatomy of the breast (Surgeon's view)	<i>Dr. Muna Al Ayyan</i>
09:30 – 09:50	Indications of Oncoplastic Surgery in the year 2025	<i>Dr. Marian Elkhatib</i>
09:50 - 10:10	Level 1- Techniques	<i>Dr. Mohamed Basheer</i>
10:10 -10:30	Level 2- Techniques	<i>Dr. Muna Al Ayyan</i>
10:30 -11:00	Coffee Break	
11:00 – 11:20	re-operative planning and patient marking	<i>Dr. Tamer Yacoub</i>
11:20 – 11:40	Tips and tricks in Oncoplastic breast surgery	<i>Dr. Marian Elkhatib</i>
11:40 -12:00	Complications and how to avoid and treat	<i>Dr. Mohamed Basheer</i>
12:00 -12:30	Volume replacement and perforator flaps in oncoplastic breast surgery	<i>Dr. Hazem Khout</i>
12:30 - 13 :30	Coffee Break & Prayer time	
13:30 – 14:00	VIDEO SESSION	<i>Dr. Tamer Yacoub</i>
14:00 -14:30	Circum areolar technique	<i>Dr. Marian Elkhatib</i>
14:30 -15:00	Upper pedicle mammoplasty	<i>Dr. Mohamed Basheer</i>
15:00 -15:30	Lower pedicle mammoplasty	<i>Dr. Mohamed Basheer</i>
15:30 -16:00	Lunch Break	
16:00 -17:00	Live Model Marking	
17:00	Closing	

Preliminary Scientific Program

Hall 3

Surgical Management of Colorectal Emergencies and complications

Time	Topic	Speakers Name
09:00 – 09:30	Management of Rectal Trauma	<i>Dr. Sara Al Bastaki</i>
09:30 – 10:00	Surgical Options in the Emergency Treatment of Diverticulitis Class III-IV	<i>Dr. Adam Al Turk</i>
10:00 -10:30	Management of Obstructed Colon Cancer	<i>Dr. Mahdi Taher</i>
10:30 - 11:00	Management of Bleeding During Laparoscopic or robotic Colorectal Surgery	<i>Prof. Giuseppe S. Sica</i>
11:00 – 11:15	Coffee Break	
11:15 -11:30	Management of Anastomotic Leak	<i>Dr. Khaled Madbouly</i>
11:30- 12:00	Management of Obstetric Rectovaginal Fistula	<i>Dr. Nasser Alsanea</i>
12:00 - 12:30	Management of anal stenosis	<i>Prof. Giuseppe S. Sica</i>
12:30 -13:00	Management of acute anal pain	<i>Dr. Sara Al Bastaki</i>
13:00 -13:45	Coffee Break & Prayer time	
13:45 - 14:15	Management of Enterocutaneous Fistula	<i>Dr. Khaled Madbouly</i>
14:15 -14:45	Management of massive lower Git Bleeding	<i>Dr. Adam Al Turk</i>
14:45 -15:45	Lunch Break	
15:45 -16:15	Fecal incontinence: how to overcome muscle loss?	<i>Dr. Mahdi Taher</i>
16:15 -16:45	Strategies for management of stoma complications	<i>Dr. Nasser Alsanea</i>
16:45	Closing	

Preliminary Scientific Program

Hall 4

Staplers on hands Training

Time	Topics	Speakers Name
09:00 -09:15	Welcome & Introduction	<i>Dr. Haider Makki</i>
09:15 – 09:30	Staplers Overview	<i>Dr. Sultan Farhan Alanesi</i>
09:30 – 10:45	Energy Overview	<i>Dr. Sultan Farhan Alanesi</i>
10:45 -11:00	<i>Coffee Break</i>	
11:00 – 12:00	Sutures Overview	<i>Dr. Abdulwahid Alwahedi</i>
12:00 -13:00	Haemostatics Overview	<i>Dr. Abdulwahid Alwahedi</i>
13:00 -13:45	<i>Prayer Time & Coffee Braek</i>	
13:45 -14:15	Hands-On Stations (Split groups and rotate)	<i>Prof Tarek Mahdi</i>
14:15 -14:45	Emergency Stapling Station	<i>Dr. Abdulwahid Alwahedi</i>
14:45 -15:45	<i>Lunch Break</i>	
15:45 -16:15	Suturing Skills Station	<i>Prof Tarek Mahdi</i>
16:15- 16:45	Laparoscopic Skills Station	<i>Dr. Haider Makki</i>
16:45 -17:15	Bleeding Management Station	<i>Dr. Sultan Farhan Alanesi</i>
17:15	Closing	

Preliminary Scientific Program

Hall 5

Parathyroid Surgery

Time	Topic	Speakers Name
09:00 – 09:15	Introduction	<i>Prof. Tamer Youssef</i>
09:15 -10:00	Embryological and Anatomical Consideration	<i>Dr. Fadi Alnehlaoui</i>
10:00 – 10:45	Hyperparathyroidism: Classification and Pathophysiology	<i>Prof. Tamer Youssef</i>
10:45-11:00	Dilemma of Primary Hyperthyroidism	<i>Dr. Tarek Abdel-Aziz</i>
11:00 -11:15	Coffee Break	
11:15 -11:45	Parathyroid Imaging	<i>Dr. Tarek Abdel-Aziz</i>
11:45 -12:15	Adjuncts to Parathyroidectomy	<i>Dr. Fadi Alnehlaoui</i>
12:15-12:45	Case Presentation	<i>Prof. Tamer Youssef</i>
12:45 -13:00	Panel discussion	
13:00 -14:00	Paray time & Coffee Break	
14:00 -14:30	Primary Surgery (localised and neck exploration)/ Use of adjuncts	<i>Prof. Tamer Youssef</i>
14:30 -15: 00	Endoscopic Parathyroidectomy	<i>Dr. Fadi Alnehlaoui</i>
15:00 -16:00	Thermal Ablation	<i>Prof. Tamer Youssef</i>
16:00 -16:30	Redo Surgery: indications/ technique	<i>Dr. Tarek Abdel-Aziz</i>
16:30 -17:00	MDT Panel	<i>Panelists: All Faculty</i>
17:00	Closing	

Preliminary Scientific Program

Hall 6

Wound Care & Diabetic food

Time	topic	Speaker
09:00 -09:30	Introduction to wound care and types of wounds	<i>Dr Maryam Alfard</i>
09:30 -10:00	Wound Debridement Techniques Surgical, enzymatic, and autolytic approaches	<i>Dr. Alya Al Mazrouei</i>
10 :00 - 10:30	Latest Innovations in Wound Dressings & Healing Technologies	<i>Dr. Feda Al Ali</i>
10:30 -11:00	Moisture-Associated Skin Damage (MASD)	<i>Dr Maryam Alfard</i>
11: 00 -11:15	Coffee break	
11:15 – 11:45	Interactive Demo: Negative Pressure Wound Therapy (NPWT) in Action	
11:45 - 12:15	Interdisciplinary Approach to Complex Wounds	<i>Dr. Feda Al Ali</i>
12:15 -13:00	<i>Panel Discussion</i>	
13:00 – 13:45	Prayer Time & Coffee Braek	
13:45 - 14:15	Comprehensive Diabetic Foot Examination	<i>Dr Maryam Alfard</i>
14:15 - 14:45	Diabetic Foot Ulcer Classification Systems	<i>Dr. Noura Al-Ali</i>
14:45 -15:45	Lunch break	
15:45 -16:15	Real Case Studies: Successful Diabetic Foot Ulcer Healing	<i>Dr. Noura Al-Ali</i>
16:15 -17:15	Patient Education Tools & Resources for Foot Health at Home	<i>Dr. Feda Al Ali</i>
17:15	END OF WORK SHOP	

Preliminary Scientific Program

Day two (8 Nov 2025)

Session 1

Emergency Surgery

09:00 - 09:10	Acute Care Surgery Emergencies in the Bariatric Patient	<i>Dr. Hayder Mikki</i>
09:10 – 09:20	Hernia repair solutions	<i>Dr. Salem Alharthi</i>
09:20 - 09:30	Diverticulosis is the master key of rectal bleeding in old age	<i>Dr. Mousa Al Masalmah</i>
09:30- 09:40	Damage control Resus in ED	<i>Dr. Hari Govind</i>
09:40 – 09:50	Child and Infant Surgical Emergencies	<i>Dr. Amany Kandil</i>
09:50 -10:00	Liver Transplant Emergency	<i>Prof. Mohamed El Shobari</i>
10:00- 10:10	Panel Discussions	

Opening
Ceremony

10:10 -10:30

Coffee break

10:30 -10:45

Preliminary Scientific Program

Session 2

Hepatobiliary

10:45 - 10:55	Surgical procedures for treatment of cholangiocarcinoma	<i>Prof. Mohamed El Shobari</i>
10:45 - 10:55	Open versus laparoscopic hepatic resections; indications and obstacles	<i>Dr. Tarek Salah</i>
11:05 - 11:15	The Bile Trap: Strategies for Navigating Iatrogenic Biliary Injury	<i>Dr. Mohamed El Desoky</i>
11:15 - 11:25	Robotic completion cholecystectomy post incomplete cholecystectomy	<i>Dr. Salem Alharthi</i>
11:25 - 11:35	The role and importance of intraoperative ultrasound for oncological liver resections	<i>Prof. Human Honarpisheh</i>
11:35 - 11:45	The Interventional Radiologist's Role in Biliary Surgery Case Based Demonstration	<i>Dr Hassan Magdy</i>
11:45- 11:50	Panel Discussions	

Session 3

Laparoscopic Hernia

11:50 – 12:05	The Technical Art of SCOLA: A Laparoscopic Onlay Repair for Ventral Hernias and Diastasis Recti	<i>Dr. Basim Al-Khafaji</i>
12:05 – 12:20	Laparoscopic spigelian hernia repair Case presentation	<i>Dr. Nafad Elhadidi</i>
12:20 – 12:35	Open preperitoneal repair of umbilical hernia	<i>Dr. KG Mathew</i>
12:35 -12:50	Falciform Ligament Laparoscopic Approach for Preperitoneal Ventral Hernia Repair (FLAP-VH)	<i>Dr. Jagpreet Singh Deed</i>
12:50 -13:05	Modified anterior components separation technique (MMMR, "multilayer myofascial mesh repair")	<i>Dr. Joaquin Picazo</i>
13:05 – 13:10	Panel Discussions	
13:10 – 13:20	Coffee Break	

Preliminary Scientific Program

Session 4

Metabolic surgery

13:20 - 13:30	Innovative Reconstructive and Transplant Surgery with Special Reference to Bariatric Surgery	<i>Prof Kareem Abu-Elmagd</i>
13:30 – 13:40	How to Make a safe anastomosis	<i>Prof. Guido Mannaerts</i>
13:40 – 13:50	Concomitant HH Repair and Bariatric Surgery Pros & Cons	<i>Prof. Safwan A Taha</i>
13:50 -14:00	10 Years Experience after SASI Surgery	<i>Prof Tarek Mahdy</i>
14:00 - 14:10	Endoscopic treatment of stricture after sleeve gastrectomy	<i>Dr. Iqbal Siddique</i>
14:10 – 14:20	TBA	<i>Dr. Maryam Alkhatry</i>
14:20 – 14:30	Challenges in bariatric surgery	<i>Dr. Abd Elwahad Alwahidi</i>
14:30 – 15:30	Lunch Break	

Session 5

Endocrinology Session

15:30 -15:45	Biological subtypes of breast cancer: Prognostic and therapeutic implications	<i>Dr. Riyad Bendardaf</i>
15:45 – 16:00	ATA 2025 Guidelines	<i>Dr. Eiman AlSeddeeqi</i>
16:00 – 16:15	AI application in Diagnosis of Breast Cancer	<i>Dr. Shaista Meraj</i>
16:15 -16:30	New guidelines in management Granulomatous breast disease.	<i>Prof. Ashraf Shoma</i>
16:30 – 16:45	Laparoscopic adrenalectomy step by step Endocrine session	<i>Dr. Ahmed Shoukri</i>
16:45 -16:55	Panel Discussions
